TO: Planning Commission Members

Community Development

RE: Worksession March 21, 2002

As of mailing time we have not heard from LSL as to if they will be attending the Worksession. We do not have any other items on the agenda and Jon Rose will be out of town at a seminar so we have cancelled the March 21, 2002 Worksession. If LSL decides they will be able to attend I will call you on Monday and reschedule the Worksession.

Jon Rose is trying to schedule a tour of the New High School during the April 18th 2002 Worksession. Once we have a definite date/time we will let you know so that you can update your calendars.

The next meeting of the Planning Commission will be on Thursday, April 4, 2002. If further information is received prior to the meeting we will forward it to you. See you in April have a Happy Easter!
